In order to finalize the project modification, you are then required to submit to the Managing Authority n. 3 original copies of the Addendum to the IPA Subsidy Contract, duly dated and signed in original handwriting (no scan, stamp or electronic signature) by the legal/authorized representative of your institution and n. 1 original copy of the Addendum to Partnership Agreement duly dated and signed in original handwriting (no scan, stamp or electronic signature) by the legal/authorized representatives of each Final Beneficiary joining the project, by using the formats that will be sent by email to your contact person's email address. Such Addenda shall include also the modifications authorized by the Joint Monitoring Committee on 9/06/2014 with written procedure No. 17-2014, since not yet received.

You are also required to submit a *correct Letter of Intent of the new beneficiary* since the one provided contains clerical error in the description of the budget allocated to the organization. In fact, although the indicated total amount (€ 138.183,62) is correct, the Programme Contribution (€ 116.346,62) is lower than the official assigned Programme Contribution to the partner (€117.456,08), while its own contribution is higher (€21.837,00 instead of € 20.757,50).

Once received the above mentioned documents, the Managing Authority will promptly sign the Addendum to the IPA Subsidy Contract and submit one signed copy to your institution. The project modifications will then enter into force from the date of signature of such Addendum by the Managing Authority.

Yours faithfully.

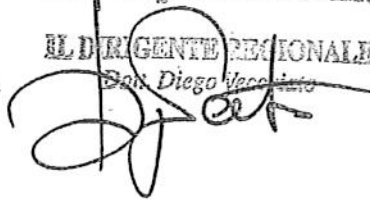

The Managing Authority
